

John Timothy Tenido

Frontend Developer & Automation Specialist

San Fernando, Pampanga • timothytenido@gmail.com • 0946-694-3907

EDUCATION

City College of San Fernando, San Fernando, Pampanga

Bachelor of Science in Information Technology, Expected June 2027

Tomas Dizon Foundation Institute, San Fernando, Pampanga

Senior High School Diploma, Information and Communications Technology (ICT), June 2022

EXPERIENCE

Freelance Developer — Remote / San Fernando, Pampanga

June 2025 – Present

- Architected and deployed 3+ responsive web applications using **React, Vite, Tailwind CSS, and DaisyUI**, achieving 95%+ Lighthouse performance scores
 - Built automation workflows using **n8n** to connect APIs, automate content publishing, and streamline task management across multiple platforms
 - Implemented OAuth 2.0 authentication flows in Express.js REST APIs, securing user data and enabling role-based access control
 - Created Python automation scripts for data processing, file management, and system monitoring tasks
-

PROJECTS

Automated Content Pipeline | n8n, Cloudinary API, REST APIs

2025

- Created multi-stage automation connecting 5+ APIs to process, optimize, and distribute digital content

- Reduced manual content processing time by 70% through intelligent workflow design
- Integrated error handling and notification systems for workflow monitoring

The Mansion of Light | Unity, C#, Game Design

2026 – Present

- Led 3-person team in developing 3D mystery-adventure game as capstone project
- Implemented interactive UI elements, environmental puzzles, and narrative systems using C# scripting

TECHNICAL SKILLS

Frontend Development:

React, Vite, Tailwind CSS, DaisyUI, HTML5, CSS3, JavaScript (ES6+), Responsive Design

Backend & Database:

Node.js, MongoDB, MySQL, RESTful API Design

Automation & Tools:

n8n, GitHub Actions, CI/CD Pipelines, Git/GitHub, Vercel, Cloudinary API Integration

Additional:

Python, Unity/C# (Game Development), UI/UX Design Principles

LANGUAGES & INTERESTS

Languages: English (Fluent), Filipino (Native)

Professional Interests: Modern Frontend Frameworks, Workflow Automation, UI/UX Design, Developer Tooling, API Integration
